

[METHOD OF PARTNERSHIP FOR FURNITURE MANUFACTURERS, CARPENTERS, CRAFTSMEN, ARTISTS AND BED AND BREAKFASTS, COUNTRY INNS AND SMALL HOTELS]

Abstract of Disclosure

A business method intended to partner furniture manufacturers, carpenters, craftsmen, artisans, and bed and breakfast, country inns and small hotels to showcase both businesses equally. The business method allows growth of both the bed and breakfast inns and the furniture manufacturers, by directed advertising through web sites and real life display and use of the furniture. The method brings museum replica fine furniture to the use of small inns giving both companies the added advertising power of linked sites. The method allows all bed and breakfast's rooms to become possible furniture showrooms, whether the piece is actually produced by an associated craftsman or is a real antique that can be replicated by the craftsmen. Bed and breakfasts, country inns and small hotels can expand their services to include furniture sales and the craftsmen, artisans, and carpenters have additional showrooms for their work.
